

Chief Clinical Officer Hospice of the Golden Isles, Inc.

Company Description

Making Every Moment Count

Hospice of the Golden Isles, Inc. is a non-profit agency in southeast Georgia that has served our coastal community for 35 years. Our hospice is fortunate to have deep roots and a broad base of support in our community and is dedicated to providing exceptional quality hospice care for our local residents. Our hospice team has received Deyta's *Hospice Honors Elite Award* for achieving superior customer satisfaction for the past two consecutive years.

Hospice of the Golden Isles employs a full-time physician Medical Director who is Board certified in Hospice and Palliative Medicine and leads strategic initiatives to advance palliative care services at the state and local area. Our Hospice operates a freestanding 24-bed Hospice House with inpatient and residential facilities.

Job Description

Reporting directly to our Chief Executive Officer (CEO), the leader we select for this position will be the senior executive directing the clinical and operational activities of our hospice inpatient & residential facilities and home hospice program. The Chief Clinical Officer (CCO) is responsible for ensuring regulatory compliance, high levels of service quality and customer satisfaction, and adherence with the annual budget. The CCO collaborates with the Senior Leadership Team to develop hospice's strategic, financial, and operational goals to assure the continued growth and financial viability of our hospice.

Qualifications

- BSN, Masters preferred
- Certificate of Hospice & Palliative Nursing (CHPN)
- Current Georgia RN license
- 5 years recent senior leadership experience in a hospice, palliative care, or hospital program
- Excellent communication and team-building skills
